iomart

iomart is one of the leading providers of cloud computing and managed hosting. Headquartered in Glasgow, iomart employs over 350 talented staff in offices and datacentres across the UK. Originally founded in 1998, it is listed on the London Stock Exchange and specialises in delivering cloud consultancy, facilitation and digital transformation to ISVs, SMEs, enterprises and the UK public sector.

iomart's employees help enable any size of business and organisations to operate their online data and IT environments safely and securely. Our technical staff are experts in public, private and hybrid cloud solutions - including AWS and Microsoft Azure – as well as data centre and network engineering. iomart owns and operates a network of UK data centres connected by a high capacity private fibre network and backed by 24/7 technical support.

iomart Group plc is delighted to offer this opportunity to join one of the UK's leading managed hosting companies.

Description of Role

Based in our Manchester office you will lead a team of accomplished and dedicated IT Support engineers in support of a large and diverse customer base. You will manage your team effectively to ensure it is best equipped to promote and protect the iomart brand.

You will have a passion for delivering an exceptional level of service to our customers and be proactive in driving up standards with our teams to ensure they reach and exceed expectations.

You are responsible for ensuring an effective, reliable and consistent level of operational support is delivered at all times.

As a team leader you are responsible for management of support tickets throughout the ticket lifecycle, ensuring response and resolution targets are adhered to in respect of existing Service Level Agreements and KPIs.

You will evidence the levels of ownership required to ensure that request fulfilment and incident management are delivered effectively at all times.

As part of the wider service management layer the team Leader must be able to work under minimal supervision, co-ordinate activities using effective prioritization methods, have good communications skills and take ownership for decisions.

The team leader is a positive role model for the team and drives individuals and team improvements through effective mentoring, leadership, including regular 121s and appraisals and other HR processes.

You will work variable shifts covering between the hours of 07:00 and 19:00 and be willing to work weekends in line with shift patterns (typically 1/5).
